Model: _____ Mileage: _____

Detail Work Requested: _____

Additional Parts Enclosed: _____

Ship your trailing arms / differential / other work in plain brown boxes. **Ship utilizing UPS / FED EX / USPS.** It is worthwhile to remove the rotors to save the weight on shipping. **Attach top part of form to a part inside the package. When shipping differential(s) make sure all fluid is drained! Do not use peanuts!** They do nothing for protection!

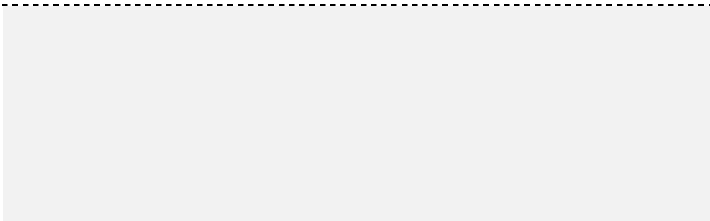

After your parts are disassembled at V Tech, we will call you with their disposition and confirm payment terms. V Tech does not share any personal information with any other parties.

Use the table below to enter Name: Address, City, Zip - **Cut along dotted line and use as a mailing label**
